ACCN The Association of Chief Children's Nurses

The ACCN website has been redesigned, and a members only area is now available to enable you to more easily share resources, documents and best practice, as well as to ask advice of your peers via forums.

To access the members' area of the new ACCN website for the first time:

1. Enter **ACCNuk.org** in your web browser

2. Once at the home page, click the green '**Sign in**' button.

Do not try to enter any pre-existing usernames or passwords in the next screen. Instead, click the '**Register**' option beneath the log in fields.

3. Your next screen should be an online form that you can complete to register for the new site. Please complete all mandatory fields.

For simplicity, you may choose to use your email address as your username*. The 'Application statement' field can be completed with the text 'Approved pre-existing member 2014' for current ACCN members.

Once you have completed and submitted the form, you should receive an auto-generated password from the website via the email address you used to register. You can return to the 'Log in' screen and enter these details to access the members' only area.

We welcome your thoughts and ideas for content that you would like to see and discuss in the members' area.

* The log in system does not currently accept email addresses containing an apostrophe – please email Samuel.Parr@bch.nhs.uk and we can manually set up your log in if required.
